CALLED TO SERVE: Our Mission, Working Together, Inviting Others

2023 Parish Councils Orientation and Review

Summer starts a new year for Parish Councils - both Pastoral and Finance Councils! New members will be starting their three-year terms while some members will be welcomed back to continue their terms. As your newly formed Councils begin meeting, it's a great time to review the purpose and mission of Parish Councils, including the roles and responsibilities of each member.

Training for Parish Councils is available at select locations in the archdiocese in August. Various days, times and locations are offered - the content presented will be the same at each location – choose the date and location most convenient for you. Participants only need to register for one session. Although this training orientation is presented for new members, other council members, staff and pastors are welcome to attend.
