I understand that the Archdiocese of Milwaukee requires my parish/school to provide lessons to each child in grades K4 – 12<sup>th</sup> on personal safety issues as part of the safe environment program for children.

I understand that these lessons are not a sexual education program.

I understand that by signing this form I am declining to have my child(ren) participate in the grade level safe environment program for children.

I understand the lesson plan will be provided to me by the parish/school, and that I will be responsible for teaching the lesson to my child.
